Status of Active Visioning Committee Initiatives

Care Ministries Team –Waiting for the introduction of a new Northwoods Partners brochure.

Church Movie – Family Fun Night is well on track. Sara has taken steps to get a license to show *Inside Out*. Lucy volunteered to take care of just about everything needed for supper. Dana will put up the window shades with help from Rich. Rich will operate the projector.

Study on Relationships – *The Five Love Languages* continues to go well. Participation in discussions has picked up, as expected.

Evening “Sunday” School for children – Holding an evening “Sunday” school (maybe on a night other than Sunday night) might allow us to reach children who are unable to get to church on Sunday mornings. Concurrently, it would allow their parents to have some alone time for taking care of matters without the children present, which in turn might serve as incentive for bringing their children to “Sunday” school. There are potential hindrances to address, such as background checks for Sunday school teachers and insurance matters. We will need to check with our insurance company about this.

Our next meeting is scheduled for 7:00 p.m., Wednesday, April 5, 2017.

Calendar of Visioning Committee Events
